

## Section 4: Java Tutorial: Expression AND Statements

### Topics Covered:

1. Java Keywords
2. If then Else
3. Methods in Java
4. Method Overloading

### If then Else

If (condition)

```
{  
}
```

Else if (condition)

```
{  
}
```

Else

```
{  
}
```

### Methods in Java

Just as c++ and c#

### Method Overloading

Using the same method name but with different number of parameters.

```
Public static int foo(){}
```

```
Public static int foo(int a){}
```

```
Public static int foo(int a, double b){};
```
